MODELFIESTA 29 RULES, CATEGORIES, AND AWARDS

RULES

1. The ModelFiesta Committee is responsible for all category placement, splits, and judging decisions. Contestants changing entry placement without prior approval of the Head Judge or Contest Director will be disqualified.

2. Judging will be open and will be by the committee system.

3. Entries must be the sole work of the entrant. (Category 505 excepted.) Proxy entry forms must include the builder's name as well as the name of the person placing the entry. Commercially built and/or finished models that do not require significant additional work by the modeler are not allowed. Pre-decorated assembly kits may be entered, but **MUST** be accompanied by the kit instructions.

4. Models that have received **ANY** award at IPMS Nationals, a Region 6 Convention or a ModelFiesta are ineligible for competition, but may be placed in the "Display Only" area.

5. Models in box-stock categories **MUST** be accompanied by the kit instructions. Modeler may fill seams; sand off rivets; drill out gun ports, exhaust pipes, or other appropriate openings; thin to scale such parts as trailing edges, flaps, and doors; add rigging and antennas; and add simple tape or decal seatbelts (NO commercial or modeler-made hardware). Photo-etched, cast metal or resin parts are permitted if included in the original kit and so identified in the kit instructions. Articulating/separating kit parts or including non-kit parts is not allowed. Finish and markings are unrestricted.

6. Conversions are significant changes to the original kit in order to depict a different variant of the original subject. Builders must detail changes made to the basic model on the entry sheet or in accompanying documentation.

7. Scratchbuilt models **must not** significantly derive from existing kits. They may use parts from other kits, but except for detail parts (e.g., wheels/guns) their use should be unrelated to their original identity.

8. Models may be carefully handled by contest staff and judges when necessary to correctly place and evaluate the entry.

9. Alamo Squadron respects and admires the skill and artistry of all builders and their models, regardless of subject. However, in the interests of public decency and local sensibilities, the following subjects will **not** be accepted for entry or display solely at the discretion of the ModelFiesta Committee: lewd, nude, sexually explicit, obscene, offensive, or subjects depicting bodily functions.

10. **Two** like subjects entered in category 2010 **ONLY**. Entries are **ineligible** to compete in **any** other category. **One** of the 2 subjects may be a previous winner. See Rule 4 above. Models may be of different scales and manufacturers. Any aftermarket or scratchbuilt details and/or markings are permissible.
